Key safeguarding terminology and definitions

Adult

Is anyone aged 18 or over.

Adult at risk

Is a person aged 16 or over who;

- Who is unable to Safeguard their own well-being, property, rights or other interests.
- Has needs for care and support (whether or not the local authority is meeting any of those needs)
- Is experiencing, or is at risk of, abuse or neglect
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect

Adult in need of care and support

This is determined by a range of factors including personal characteristics, factors associated with their situation or environment and social factors.

Naturally, a person's disability does not mean that they will inevitably experience harm or abuse.

In context of safeguarding adults, the likelihood of an adult in need of care and support experiencing harm or abuse should be determined by considering a range of one or more of the above descriptors.

In recent years there has been a marked shift away from using the term 'vulnerable' to describe adults potentially at risk from harm or abuse in accordance with the Care Act 2014 and will be referred to as Adults at risk of harm.

Abuse

Is a violation of an individual's human and civil rights by another person or persons.

Adult safeguarding

Is when we are protecting a person's right to live in safety, free from harm, abuse and neglect. Preventing and stopping abuse and neglect, Promoting well-being and respect their rights, working together with multiple agencies and supporting informed consent.

Capacity

This refers to an individual's ability to decide at a particular time, for example when they're under considerable stress. The starting assumptions must always be that a person has the capacity to make decision unless it can be established that they lack capacity (Mental Health Capacity Act 2005)

The Club

This is when the policy is referring to Peterborough United Football Club (PUFC), its staff and all activities it undertakes. In certain circumstance, it may also refer to third parties with an entrusted responsibility for delivering Club supported activities.

Staff

The word staff is referring to any persons employed and receiving payment for services from the Club. This is irrespective of the length or nature of their contract.

Volunteers

The word volunteer is referring to a person who freely offers their time to take part in a task, event or enterprise with the Club and their own expense, in terms of time and or resources.

Introduction and Scope

The aims of this policy

This policy is in conjunction with all Club official policies and not in replace of them, it is to best enable the Club to be able to safeguard all adults at risk who interact within the Football Club. All Club policies and procedures can be found on the Club website - <https://www.theposh.com/>

This policy is to demonstrate best practice in safeguarding adults at risk, so we can provide protection for adults who require services from Peterborough United Football Club.

Providing staff and volunteers with guidance and clear instruction on procedures they should follow in the event that they should suspect an adult at risk may be experiencing or be at risk of harm.

Ensuring that staff, parents and any other adult that comes into contact with adults at risk understand their safeguarding responsibilities and provide and promote role model behaviour.

For the promotion of high and ethical standards throughout the Football Club.

The safety and welfare of adults at risk under the care of PUFC is paramount. All participants and visitors to the Club within all Club activities have a right to feel safe and be safe. All members of staff and volunteers have a duty to keep adults at risk safe and help protect them from abuse, exploitation and poor practice, and their welfare promoted.

All uncertainties, reports and or allegations of abuse will be taken seriously and immediately investigated thoroughly, which may involve the appropriate local authority teams, the English Football League and the County FA or The Football Association where necessary.

Peterborough United Football Club acknowledges its duty of care to safeguard and promote the welfare of adults at risk and is committed to ensuring safeguarding practice reflects statutory requirements and responsibilities, government guidance, recognised best practice and complies with The FA and English Football League ruling.

The Football Club expects all staff, players, volunteers, parents, contractors and guests to share this commitment. The Club commits to employing a Senior Safeguarding Manager and Head of Club Safeguarding Officer who implement, maintain and monitors best practice throughout the whole Football Club.

This safeguarding policy is applicable to the season of 2025/26 and will be monitored and reviewed a minimum of once a year, or whenever there is a change in legislation, organisational change or following any learning learnt outcomes or serious case reviews. Any review and changes in the policy will be conducted in consultation with the Local safeguarding adults board, The Board of the Club, Senior Safeguarding Manager and Head of Club Safeguarding Officer.

The six principles of adult safeguarding

The care act 2014, sets out the following principles that should underpin safeguarding of adults.

One important difference between safeguarding adults and safeguarding children is an adult right to self-determination.

Adults may choose not to act at all to protect themselves, and it is only in extreme circumstances that the law will intervene, this can make the matter of safeguarding adults more complex.

Safeguarding adults is not solely focused on creating appropriate policy and process but it is about creating a culture that embraces the adult themselves, ensuring to inform and consult them with all decisions that could affect them.

PETERBOROUGH UNITED FOOTBALL CLUB

www.theposh.com

Empowerment

This is for all personnel to be supported and encouraged into their own decisions making and maintaining informed consent.

Prevention

This is ensuring that where possible in all circumstances acting before harm occurs.

Proportionality

This is the least intrusive response appropriate to the risk presented.

Protection

This is supporting and representing those in the greatest of needs.

Partnership

This is the use of local solutions through services working within the community.

Accountability

This is ensuring the accountability and transparency in delivering safeguarding at all times.

Making safeguarding personal

'Making safeguarding personal' means that adult safeguarding should be person led and outcome focussed. It helps engage the person in conversation about how best to respond to their safeguarding situation in a way that enhances involvement, personnel choice and control.

This also helps promote the quality of life, wellbeing and safety.

Whenever possible, staff should discuss the safeguarding concern/s with the adult to get their view on what they would like to happen, ensure that they are being kept in the safeguarding process and seek their consent to share information outside of the Football Club where necessary.

Wellbeing principle

The concept of wellbeing is embedded throughout the care act, and it is one that is relevant to adult safeguarding. Wellbeing is different for each of us; however, the care act sets out a broader category that contribute to our sense of wellbeing.

By keeping these principles in mind, all staff can ensure that adult participants can take part in/or support football fully.

- Personal dignity (including treatment and respect of the individual)
- Physical and mental health and their emotional wellbeing
- Protection from abuse and neglect
- Control by the individual over their day to day life
- Participant in work, education, training or recreation
- Social and economic wellbeing
- Domestic, family and personal domains
- Suitability of the individuals living accommodation
- The individuals contribution to society

Managing Club Behaviour

The Football Club takes a positive approach to behaviour management and, where necessary, develops policies that all its staff must apply.

Such policies will recognise the following general principles:

1. Every person is different and as such have their own individual needs

PETERBOROUGH UNITED FOOTBALL CLUB

www.theposh.com

2. All participants should be encouraged to help develop their own codes of conduct or have clear and well communicated guidance on expectations
3. Behaviour is usually a reflection on how a person is feeling
4. Staff should recognise that many other factors can affect behaviour – weather, hunger, medical conditions and/or medication and account for these in any action taken
5. Challenging, aggressive or violent behaviour presents risks to the individual and others, and physical intervention with any individual displaying such behaviour is only ever a last resort in exceptional circumstances – any response must be reasonable and proportionate.
6. Training will be provided to members of staff who may experience challenging behaviour (Match day stewarding team)
7. Physical punishments will never be used by our staff, though diffusion and de-escalation techniques may when necessary, (Match Day Stewarding team).
8. All significant incidents should be recorded through the correct procedures in place by the Football Club and passed to the Club Safeguarding Officer within 24 hours of the incident. All match day interventions must be notified through to the Safety Officer in the control room via means of radio communication or face to face as soon as possible.

Data Protection in Safeguarding

The Football Club takes the matter of data protection seriously in respect of adults at risk.

The Club will apply the principles set out in the General Data Protection Regulation (GDPR) and other current relevant data protection legislation including the Data Protection Act 2018 in respect of our data collection activities. Further information is contained in the Club's Data Protection Policy & Privacy Notice.

Where any form of data is collected relating to an adult at risk, we will endeavour to obtain agreement for the use of such data from the adult concerned.

We will seek the consent of the adult or parental consent in relation to a child if, the collection or use of information is likely to result in:

1. Disclosure of an adult at risk's name and address to a third party, for example as part of the terms and conditions of a competition entry or partnership activation
2. Use of an adult at risk's contact details for marketing purposes
3. Publication of an adult at risk's image on a website that the public can view (subject at all times to the Club's terms and conditions relating to access to Weston Homes Stadium on matchdays) or
4. The collection of personal data about third parties, for example where an adult at risk is asked to provide information about his or her family members or friends.

In the event a family member of an adult at risk or the adult at risk themselves asks for a photograph to be removed, this shall be done without delay.

Club Photography and Videos

Celebrating Activity with Photography and Video Images

The Football Club welcomes photographs and images that celebrate the sport, the values and objectives of the Club, and positive reflections of our Club operations. We understand however that photography and video imagery and its use can present difficulties, risk and sensitivity in a range of circumstances. During the course of our activities an adult at risk's image may be captured by official Club appointed Photographer/Videographer in digital photographs and film. These images may then be used by Club staff in both internal and external news and marketing publications and online via websites and Club official forms of social media.

Data Protection Law and Photograph

Data protection law may apply to the photography of an adults at risk at Club activities. Where it applies and where practical, if images are captured by a member of staff or for Club purposes, informed and specific

consent from the adult at risk themselves should be obtained (see Consent for photography and video images below).

If in any doubt a picture should not be taken.

Video or Photographs

The recording of training and or match footage is obtained throughout the season via different source and media outlets.

No footage is taken for scouting purposes.

As such, all those responsible for the recording of this footage and images must:

1. Adhere to this policy
2. Take responsibility for the safe storage and distribution of the images
3. Give due consideration to the dignity and protection of those involved; and
4. Obtain specific additional consent from the adult at risk where there are changes to the planned use of the footage/photographs which will lead to a wider distribution of the images/videos than originally anticipated.

All video footage or photographs taken will only be captured and/or stored on Peterborough United Football Club IT devices.

No staff under any circumstance should use their own devices for this purpose.

Consent for Photography and Video Images

Where an activity may allow for the capture, and thus use, of a participant's image, the manager responsible must notify the Club Safeguarding Officer in order for them to issue the appropriate documentation (forms and guidance) and associated processes to allow for the management of parental consent for children, or participant consent in respect of an adult at risk.

The documentation and processes must ensure informed and specific consent is obtained for the use of any images, however captured, and that those individuals understand what they are consenting to and why.

Right to Choose Not to Consent

Other than on match/event day, all individuals have the right to not give consent, and it is their right to revoke their consent to being photographed/filmed at any point. Club staff will endeavour to make suitable arrangements to apply any restrictions required whilst also minimising the disruption to normal Club activities.

Match Day, Events, Incidental Image Capture and Implied Consent

Large crowds for match days and events do create further issues with consent and image use.

At events such as matches, concerts and special events, consent is assumed to be 'implied' in that any person attending should expect that their image may be captured or broadcast.

In any situations where an adult at risk may be subject to 'incidental image capture' (i.e. they are in the background behind a main subject) and they do not wish it to be used, then the Football Club will endeavour to remove it from circulation where it is practical to do so and where there are reasonable grounds to do so.

The Club recognises that in some circumstances parents, other family members and friends may wish to take photographs or relatives in Club activities.

Where a member of staff, child or parent or adult at risk has a concern about the capture and use of images, they should report it immediately to the activity organiser, Head of Club Safeguarding Officer, or a member of the Clubs Designated Safeguarding Team.

Prevent and Safeguarding

Safeguarding from radicalisation is no different to protecting from other forms of harm. Staff are not expected to be an expert in identifying signs of radicalisation and extremism but need to be vigilant and ensure that they respond appropriately to any concerns they may have. The same procedures for safeguarding should be followed for radicalisation.
